Sir:

CORRECTED RESPONSE TO NOTICE OF ALLOWANCE

AND

CORRECTED SUBMISSION OF REPLACEMENT DRAWINGS

Further to a Response to Notice of Allowance and Submission of Replacement Drawings filed on December 29, 2006, Applicants bring to the attention of the Examiner that the Response to Notice of Allowance and Submission of Replacement Drawings filed on December 29, 2006 was signed by a patent practitioner whose registration number was inactive. Accordingly, Applicants submit concurrently herewith, a Corrected Response to Notice of Allowance and Submission of Replacement Drawings signed by a registered practitioner whose registration number is active to be consistent with the practice of the USPTO.

In addition, pursuant to the Notice of Allowance dated October 3, 2006, transmitted herewith are four (4) sheets of replacement drawings of FIGs. 2, 3, 9, and 17 to be substituted for the corresponding four (4) sheets of drawings originally filed in the above-identified application.

In response to the telephone communication of September 27, 2006 and the Notice of Allowance dated October 3, 2006, the Examiner suggested amending some of the reference characters shown in the original figures 2, 3, 9, and 17 because of the typographical errors. Specifically, the original figures 2, 3, 9, and 17 include reference character "flame" when it should be spelled as "frame."

Applicants amend the reference characters of FIGs. 2, 3, 9, and 17 in accordance with the Examiner's suggestion. No new matter has been introduced by this amendment. This change is made in order to comply with the requirements under USPTO. Accordingly, Applicants respectfully submit herewith four (4) sheets of replacement drawings of amended FIGs. 2, 3, 9, and 17.

Respectfully submitted,
